

Jackson Hole Bird & Nature Club Presentations Dec. 2012 through Jan. 2023

Program Title	Presenter Name	Presenter Title as of 01/18/2023	Affiliation
Avian Research			
Hidden Vocalizations of Dark-eyed Juncos	Dustin Reichard	Avian biologist	Univ. of Cal Davis
Splitting vs. Lumping: the Science Behind Taxonomic Revision	James Maley	Avian biologist	Univ. of Wyo.
Crooked bills & year-round breeding: Red Crossbills in Grand Teton	Elizabeth Schultz	Avian biologist	Univ. of Cal Davis
Clark's Nutcrackers pivotal players in the GYE	Taza Schaming	Avian biologist	No. Rockies Conservation Coop
The Golden Eagle in the Sagebrush Sea	Charles Preston	Avian biologist	Draper Natural History Museum
One Bird Two Birds Red Birds Blue Birds: Exploring Bird Diversity	Matt Carling	Avian biologist	Museum of Vertebrates at UW
Red Crossbills of Jackson Hole	Jamie Cornelius	Avian biologist	Univ. of Eastern Michigan
Diversity in Birds and Bats: An Historical Perspective	Brian Barber	Evolutionary biologist	UW Biodiversity Institute
Nine Years of Golden Eagle Research	Ross Crandall	Avian biologist	Craighead Beringia South
Splendid Songbirds of the Sagebrush Sea	Anna Chalfoun	Avian biologist	Wyo. Coop Wildlife Research Unit UW
Beyond Borders: Bird Migrations To From & Through the GYE	Bryan Bedrosian	Research Director	Teton Raptor Center
Safeguarding Homes for Raptors and People	Bryan Bedrosian	Research Director	Teton Raptor Center
Great Gray Owls in the Greater Yellowstone Ecosystem	B. Bedrosian & K. Gura	Researchers	Teton Raptor Center
Acoustic Raptor Monitoring in the Teton-2-Snake Project Area	Bryan Bedrosian		
Ferruginous Hawks & Energy Development in Wyoming	Sarah Ramirez		
Wyoming's Alpine Songbirds Amidst a Changing Climate	Carl Brown	Biologist & Educator	Biodiversity Research Institute
Bird Banding in Grand Teton National Park	Hilary Turner	Program Director	JH Wildlife Foundation
Bird Conservation			
Sage Grouse Conservation in Wyoming	Joe Bohne	Avian biologist	
Yellowstone Raptor Initiative	Katy Duffy	Avian biologist	Yellowstone Forever
Long-billed Curlew Research Update	Jay Carlisle	Avian biologist	Intermountain Bird Observatory
Wings Across the Big Sky Conserving Montana's Birds	Steve Hoffman	Executive Director	Montana Audubon
Citizen Science and Clark's Nutcrackers	Anya Tyson	Field biologist	Teton Science School
The 100-Year Struggle to Save the Trumpeter Swan	Drew Reed & Ruth Shea	Field biologist	No. Rockies Conservation Coop
Light Pollution and Bird Mortality	Samuel Singer	Executive Director	Wyoming Stargazers
American Kestrels In Jackson Hole & Beyond	Ross Crandall	Avian biologist	Craighead Beringia South
Loons in Wyoming (and Elsewhere)!	Vin Spagnuolo	Avian biologist	Center for Loon Conservation
Raptor Catch & Release: Tails from Rehab	Meghan Warren	Wildlife rehabilitator	Teton Raptor Center
Black Rosy-Finch Habitat in Wyoming	Carl Brown	Avian biologist	Wyo. Coop Wildlife Research Unit UW
Conservation Innovations - Poo-Poo Project; Tilting Osprey Platforms	Becky Collier et al	Educator	Teton Raptor Center
Sandhill Cranes in the Teton Valley	Joselin Matkins	Executive Director	Teton Regional Land Trust
Snowy Owls - 35 Years with the Ghost of the North	Norman Smith	Educator & rehabilitator	Mass Audubon
Ospreys in Jackson Hole - and Beyond!	Rob Domenech	Executive Director	Raptor View Research Inst.
Swans Beavers & Wetlands	Carl Brown	Executive Director	Wyoming Wetlands Society
Conserving the Cranes and Swans of Teton Valley	Joselin Matkins	Executive Director	Teton Regional Land Trust
Owls and I: 40 Years of Citizen Science & Owls	Katy Duffy	Naturalist & Educator	
The Wonder of Bird Migration	Bill Gette	Naturalist & Educator	
Birds & Windows: A Bad Place to Meet	Linda Johnson & Colleagues	Birdwatchers	Great Salt Lake Audubon
Feeding Ecology of Birds	Bill Gette		
Greater Sage-Grouse: Largest Conservation Effort in U.S. History	Daly Edmunds	Director of Policy & Outreach	Audubon Rockies
Diseases in Wild Birds	Dan Forman, DVM	Teton District Board of Health	
Clark's Nutcrackers, Whitebark Pines and Climate Change in the GYE	Taza Schaming	Research Associate	Northern Rockies Conservation Cooperative
Raptor Collisions plus Rehab News from Teton Raptor Center	Sheena Patel	Clinic Care Coordinator	Teton Raptor Center

Bird Identification

Identification of Jackson Hole's Waterfowl	Bernie McHugh	Birdwatcher	JH Bird & Nature Club
Great Gray Owls in Jackson Hole	Bryan Bedrosian	Research Director	Teton Raptor Center
Summer Birds of Jackson Hole	Susan Patla	Birdwatcher	JH Bird & Nature Club
An Evening With Owls	Bryan Bedrosian	Research Director	Teton Raptor Center
Forest Raptors of Jackson Hole	Bryan Bedrosian	Research Director	Teton Raptor Center
Ask the Birdbrains - Q&A with an expert panel	JHB&NC Members	Birdwatchers	JH Bird & Nature Club
Winter Bird ID & Christmas Bird Count Prep (annual)	Susan Marsh	Birdwatcher	JH Bird & Nature Club

Mammals Herps & Other Critters

Wolverine Research & Conservation	Rebecca Watters	Field biologist	No. Rockies Conservation Coop
Balancing Disease with Habitat & Wildlife Management	Ben Wise	Disease specialist	Wyo. Game & Fish Dept
Pika Research in NW Wyoming	Leah Yandow & Embere Hall	Field biologist	Wyo. Game & Fish Dept
Mule Deer on the Roads in Jackson Hole	Corinna Riginos	Ecologist	Teton Research Institute
Game of Thorns: Invasive Ant Threatens African Savannas	Corinna Riginos	Ecologist	Teton Research Institute
Wolf Monitoring & Research in Grand Teton National Park	John Stephenson	Field biologist	Grand Teton National Park
Teton Cougar Project: The Remote Camera Revolution	Mark Elbroch	Field biologist	Panthera
Introduction to Winter Mammal Tracking	Tracy Blue & Hunter Marrow	Naturalists & trackers	
Charismatic Mini-fauna of Grand Teton & Yellowstone	Don Streubel	Retired Professor	Idaho State University
Amphibians of the National Elk Refuge & Jackson Hole	Debra Patla	Field biologist	No. Rockies Conservation Coop
Pikas & High-Altitude Climate Change	Embere Hall	Avian biologist	UW
Natural History and Behavior of Muskoxen	Dave Gustine	Field biologist	Grand Teton National Park
Mule Deer in Grand Teton National Park	Sarah Dewey	Field biologist	Grand Teton National Park
The UW Migration Initiative: Where are the Animals Going and Why?	Matt Kaufman	Director	Migration Initiative UW
8-Legged Architects: Mason Spiders	Maggie Raboin	Researcher	UC Berkeley
A Year in the Life of a Yellowstone Wolf	Kira A. Cassidy	Research Associate	Yellowstone Wolf Project
Wildlife Crossings & Other Protection Strategies	Chris Colligan	Wildlife Program Coordinator	Greater Yellowstone Coalition
Wolverines and Nongame Program Overview	Nichole Bjornlie	Non-game Program Director	Wyo. Game & Fish Dept
Toads of Jackson Hole	Deb Patla	Herpetologist & Naturalist	No. Rockies Conservation Coop
Revealing the Lives of River Otters with Remote Cameras	Tom Serfass	Biologist & Educator	Frostburg State University
Western Migrations Report: Where Are the Deer & the Antelope Playing?	Dr. Jerod Merkle	Knobloch Professor of Migration	UW
Beavers: Eco Engineers at work in Grand Teton National Park	Jeff Burrell	Program Director	
Living with Climate Change: How Behavior Can Help Species Cope	Embere Hall	Research Scientist	WY Coop Fish & Wildlife Research Unit
A Historical Look at Wyoming's Bighorn Sheep & Mountain Goats	Doug McWhirter	Wildlife Management Coordinato	Wyoming Dept. of Game & Fish
Native Plants & Wildlife Combinations in Winter	Frances Clark	Biologist & Educator	Teton Plants

Miscellany

Darwin's Journey of Discovery	John Good	Former NPS Superintendant	
Alternate Habitats for Wildlife in a Pine Beetle Epidemic	Joslin Heyward	Field biologist	Wyo. Coop Wildlife Research Unit UW
Birding with Bert Picnic	at Mike Yokel Jr. Park	Birdwatchers	JH Bird & Nature Club
Photo Show & Tell and Birding Resources	Volunteers	Birdwatchers	JH Bird & Nature Club
Owls A Cultural Narrative with live raptors	Becky Collier & Meghan Warren	Educator & rehabilitator	Teton Raptor Center
Climate Change & Fire	Ron Steffens	Fire ecologist	Green Mountain College
The Jackson Hole Total Eclipse Show!	Samuel Singer	Executive Director	Wyoming Stargazers
Nature Mapping JH: A Year in Review	Kate Gersh	Associate Director	JH Wildlife Foundation
Field Guides & Smartphone Apps: Which Should You Choose?	Lana & Joe Batts	Birdwatchers	Montana Audubon
Neighbors to Nature: Early Findings of the Cache Creek Study	Kate Gersh	Associate Director	JH Wildlife Foundation

The Ecological Impacts of Human Recreation on Wild Places
Saving Creation - the 6th Extinction
Keeping Wild Birds Wild Family Night
An Evening With Franz Camenzind
Thanksgiving Botany (Teton Plants)

Bruce S. Thompson
